
San Diego High Student,

January 2019

Beginning **February 11, 2019** San Diego High School will be offering an opportunity for students who have failed specific courses and are in need of credit recovery. These six week sessions are designed for students to earn credits towards graduation. Students must complete the attached application, including all signatures then return the form to their school counselor by the deadlines listed. Students are **NOT** automatically enrolled in a course. All students will be provided with a FREE “supper” meal each day. As a reminder, it is extremely important that students understand that attendance is required and essential to their success. Any student who misses more than **TWO** class periods will be automatically dropped from the course.

Here's the Scoop!
