

The 11th Grade Student Experience (Class of 2019):

Goals, Outcomes/Objectives:

What do we want to accomplish?

We believe goals are the desired outcome of the program, over time.

How are we going to achieve our goals?

We believe the objectives are specific and measureable targets for accomplishing a goal. They mark interim steps towards achieving the mission and goals. The objectives are measurable, time-based statements of intent, linked directly to the goals. They emphasize the results of actions at the end of a specific time.
